**DECLARATION OF CAMERON R.
 AZARI, ESQ. ON IMPLEMENTATION
 AND ADEQUACY OF SETTLEMENT
 NOTICE PLAN AND NOTICES**

1 I, Cameron R. Azari, Esq., hereby declare and state as follows:

2 1. My name is Cameron R. Azari, Esq. I have personal knowledge of the matters set
3 forth herein, and I believe them to be true and correct.

4 2. I am a nationally recognized expert in the field of legal notice and I have served as an
5 expert in dozens of federal and state cases involving class action notice plans.

6 3. I am a Senior Vice President with Epiq Class Action and Claims Solutions, Inc.
7 (“Epiq”) and the Director of Legal Notice for Hilsoft Notifications (“Hilsoft”), a firm that specializes
8 in designing, developing, analyzing, and implementing large-scale, un-biased, legal notification
9 plans. Hilsoft is a business unit of Epiq.

10 4. I previously executed my *Declaration of Cameron R. Azari, Esq. on Adequacy of*
11 *Settlement Notice Plan and Notices*, on July 30, 2021, which described the Settlement Notice Program
12 (“Notice Program” or “Notice Plan”) and notice (the “Notice” or “Notices”) here for *In re: Zoom*
13 *Video Communications, Inc. Privacy Litigation, 5:20-cv-02155* in the United States District Court
14 for the Northern District of California. Dkt. No. 192. In my declaration, I detailed Hilsoft’s class
15 action notice experience and attached Hilsoft’s *curriculum vitae*. I also provided my educational and
16 professional experience relating to class actions and my ability to render opinions on overall adequacy of
17 notice programs.

18 **OVERVIEW**

19 5. On October 21, 2021, the Court approved the Notice Plan as designed by Hilsoft and
20 appointed Epiq as the Settlement Administrator in the *Order Granting Preliminary Approval of Class*
21 *Action Settlement and Approving Form and Content of Class Notice* (“Preliminary Approval Order”).
22 Dkt. No. 204. In the Preliminary Approval Order, the Court approved the Settlement Agreement and all
23 of the terms and conditions contained therein, including the following definition of the “Settlement Class”:

24 All Persons in the United States who, between March 30, 2016 and the
25 Settlement Date, registered, used, opened, or downloaded the Zoom
26 Meetings Application (“App”), except for (i) all Persons who have only
27 registered, used, opened, or downloaded the Zoom Meetings App
28 through an Enterprise-Level Account or a Zoom for Government
Account, (ii) Zoom and its officers and directors, and (iii) the Judge or
Magistrate Judge to whom the action is assigned and any member of

1 those Judges' staffs or immediate family members.

2 6. After the Court's Preliminary Approval Order was entered, Hilsoft and Epiq began to
 3 implement the Notice Program. This declaration will detail the notice activities undertaken and
 4 explain how and why the Notice Program was comprehensive and well-suited to the Settlement Class.
 5 This declaration will also discuss the administration activity to date. The facts in this declaration are
 6 based on my personal knowledge, as well as information provided to me by my colleagues in the
 7 ordinary course of my business at Hilsoft and Epiq.

8 NOTICE PLAN SUMMARY

9 7. Federal Rule of Civil Procedure 23 directs that notice must be "the best practicable
 10 under the circumstances" and must include "individual notice to all members who can be identified
 11 through reasonable effort."¹ The Notice Program here satisfied this requirement with individual
 12 notice sent via email or mailed via United States Postal Service ("USPS") first class mail. Coverage
 13 was further enhanced by supplemental media provided with regional newspaper notice, nationally
 14 distributed digital and social media notice efforts, sponsored search, an informational release, and a
 15 Settlement Website.

16 8. In my opinion, the Notice Program as designed and implemented, is consistent with
 17 other court-approved notice programs, and has reached the greatest practicable number of members
 18 of the Settlement Class through the use of individual notice. In my opinion, the Notice Plan is the
 19 best notice practicable under the circumstances of this case, and satisfies the requirements of due
 20 process, including its "desire to actually inform" requirement.²

1 **CAFA NOTICE**

2 9. On August 10, 2021, Epiq sent 57 CAFA Notice Packages (“CAFA Notice”) on behalf
 3 of the Defendant Zoom Video Communications, Inc. (“Zoom”), as required by the federal Class
 4 Action Fairness Act of 2005 (CAFA), 28 U.S.C. § 1715. The CAFA Notice was mailed via USPS
 5 certified mail to 56 officials (Attorneys General of each of the 50 states, the District of Columbia,
 6 and the United States Territories) and the CAFA Notice was sent via United Parcel Service (“UPS”)
 7 to the Attorney General of the United States. Details regarding the CAFA Notice mailing are
 8 provided in the *Declaration of Stephanie J. Fiereck, Esq. on Implementation of CAFA Notice*, dated
 9 August 10, 2021, which is included as **Exhibit 1**.

10 **DATA PRIVACY AND SECURITY**

11 10. It is my understanding from Class Counsel and from my review of the *Transcript of*
 12 *Proceedings before the Honorable Lucy H. Koh United States District Judge* (“Hearing Transcript”)
 13 of the Preliminary Approval Court Hearing on October 21, 2021, that the Court inquired regarding
 14 Epiq’s data security and privacy safeguards in its official capacity as Settlement Administrator. On
 15 October 20, 2021, Epiq signed a *Non-Disclosure Agreement Re: Settlement in Zoom Video*
 16 *Communications, Inc. Privacy Litigation* (“NDA”). The parties to the NDA are Zoom, Epiq, and
 17 Class Counsel – Ahdoot & Wolfson, PC and Cotchett, Pitre, & McCarthy LLP. There is also a
 18 *Services Agreement* signed by Epiq and Class Counsel to retain Epiq as the Settlement Administrator.
 19 Prior to the selection and retention of Epiq as the Settlement Administrator, as part of the class action
 20 administrator vetting and bidding process, Class Counsel discussed at length with Epiq our thorough
 21 and rigorous practices and policies to ensure security and privacy of the Settlement Class data.

22 11. As a data processor, Epiq performs services on data provided, only as those outlined
 23 in a contract and/or associated statement(s) of work. Epiq does not utilize or perform other procedures
 24 on personal data provided or obtained as part of services to a client. For this Action, Zoom provided
 25 the data for the Settlement Class directly to Epiq via a secure file transfer. Pursuant to the terms of

 28 Preliminary Approval (3) (articulating best practices and procedures for class notice).

1 the NDA and the Services Agreement Epiq is not permitted to use this data provided by Zoom or
2 information provided by members of the Settlement Class for any other purpose than the
3 administration of the Settlement in this Action.

4 12. The security and privacy of clients' and class members' information and data are
5 paramount to Epiq. That is why Epiq has invested in a layered and robust set of trusted security
6 personnel, controls, and technology to protect the data we handle. To promote a secure environment
7 for client and class member data, industry leading firewalls and intrusion prevention systems protect
8 and monitor Epiq's network perimeter with regular vulnerability scans and penetration tests. Epiq
9 deploys best-in-class endpoint detection, response, and anti-virus solutions on our endpoints and
10 servers. Strong authentication mechanisms and multi-factor authentication are required for access to
11 Epiq's systems and the data we protect. In addition, Epiq has employed the use of behavior and
12 signature-based analytics as well as monitoring tools across our entire network, which are managed
13 24 hours per day, 7 days per week, by a team of experienced professionals.

14 13. Epiq's world class data centers are defended by multi-layered, physical access security
15 including formal ID and prior approval before access is granted, CCTV, alarms, biometric devices,
16 and security guards, 24 hours per day, 7 days per week. Epiq manages minimum Tier 3+ data centers
17 in 18 locations worldwide. Our centers have robust environmental controls including an
18 uninterrupted power supply, fire detection and suppression controls, flood protection, and cooling
19 systems.

20 14. Beyond Epiq's technology, our people play a vital role in protecting class members'
21 and our clients' information. Epiq has a dedicated information-security team comprised of highly
22 trained, experienced, and qualified security professionals. Our teams stay on top of important security
23 issues and retain important industry standard certifications, like SANS, CISSP, and CISA. Epiq is
24 continually improving security infrastructure and processes based on an ever-changing digital
25 landscape. Epiq also partners with best-in-class security service providers. Our robust policies and
26 processes cover all aspects of information security to form part of an industry leading security and
27 compliance program, which is regularly assessed by independent third parties.

1 not deliverable. Each Email Notice and Postcard Notice included a unique identifying number (a ten-
2 digit alpha-numeric code) specific to each unique member of the Settlement Class. This allowed for
3 secure online claim submission and efficient claims processing of physical paper Claim Forms sent to Epiq.

4 *Individual Notice – Email Notice*

5 19. From November 19, 2021, through January 3, 2022, Epiq sent 158,203,160 Email
6 Notices to all identified members of the Settlement Class with a valid email address. Industry
7 standard best practices were followed for the Email Notice efforts. The Email Notice was drafted in
8 such a way that the subject line, the sender, and the body of the message were designed to overcome
9 SPAM filters and ensure readership to the fullest extent reasonably practicable. For instance, the
10 Email Notice used an embedded html text format. This format provided easy to read text without
11 graphics, tables, images, attachments, and other elements that would increase the likelihood that the
12 message could have been blocked by Internet Service Providers (ISPs) and/or SPAM filters. The
13 Notices were sent continuously in batches over a six-week period to maximize the deliverability of
14 the Email Notices.

15 20. The Email Notices were sent from an IP address known to major email providers as
16 one not used to send bulk “SPAM” or “junk” email blasts. Each Email Notice was transmitted with
17 a digital signature to the header and content of the Email Notice, which allowed ISPs to
18 programmatically authenticate that the Email Notices were from our authorized mail servers. Each
19 Email Notice was also transmitted with a unique message identifier. The Email Notice clearly and
20 concisely summarized the case and the legal rights of the Settlement Class. The Email Notice
21 included an embedded link to the Settlement Website. By clicking the link, recipients were able to
22 easily file an online claim, access the Long Form Notice, Settlement Agreement, and other
23 information about the Settlement. The Email Notice is included as **Exhibit 2**.

24 21. If the receiving email server could not deliver the message, a “bounce code” was
25 returned along with the unique message identifier. For any Email Notice for which a bounce code
26 was received, which indicated that the message was undeliverable for reasons such as an inactive or
27 disabled account, the recipient’s mailbox was full, technical auto-replies, etc., at least two additional
28

1 attempts were made to deliver the Notice by email. After completion of the initial Email Notice
2 effort, 14,303,749 Email Notices were not deliverable. Although there are few settlements with email
3 notice efforts of this magnitude, the approximate 9% undeliverable rate here is consistent with other
4 successful, large email notice efforts we have implemented.

5 ***Individual Notice – Postcard Notice***

6 22. On December 17, 2021, Epiq sent 189,003 Postcard Notices via USPS first class mail
7 to all identified members of the Settlement Class with an associated physical address for whom a
8 valid email address was not available. Subsequently, on December 30, 2021, Epiq sent 296,592
9 Postcard Notices via USPS first class mail to all identified members of the Settlement Class with an
10 associated physical address for whom an Email Notice was not deliverable. The Postcard Notice
11 clearly and concisely summarized the case and the legal rights of the Settlement Class. The Postcard
12 Notice also directed the recipients to the Settlement Website to easily file an online claim, access the
13 Long Form Notice, Settlement Agreement, and other information about the Settlement. The Postcard
14 Notice is included as **Exhibit 3**

15 23. Additionally, a Long Form Notice and Claim Form were mailed to all persons who
16 requested one via the toll-free telephone number or by mail. As of January 26, 2022, 521 Long Form
17 Notices and Claim Forms have been mailed as a result of such requests. The Long Form Notice and
18 Claim Form are included as **Exhibit 4**.

19 24. Prior to mailing the Postcard Notices, all mailing addresses were checked against the
20 National Change of Address (“NCOA”) database maintained by the USPS to ensure address
21 information for members of the Settlement Class was up-to-date and accurately formatted for
22 mailing.³ In addition, the addresses were certified via the Coding Accuracy Support System (CASS)
23 to ensure the quality of the zip code and were verified through Delivery Point Validation (DPV) to
24

25 _____
26 ³ The NCOA database contains records for all permanent change of address submissions received
27 by the USPS for the last four years. The USPS makes this data available to mailing firms and lists
28 submitted to it are automatically updated with any reported move based on a comparison with the
person’s name and known address.

1 verify the accuracy of the addresses. This address updating process is standard for the industry and
2 for the majority of promotional mails that occur today.

3 25. The return address on the Postcard Notice is a post office box that Epiq maintains for
4 this case. The USPS automatically forwards Postcard Notices with an available forwarding address
5 order that has not expired (“Postal Forwards”). For Postcard Notices returned as undeliverable, Epiq
6 re-mailed the Postcard Notice to any new address available through USPS information (for example,
7 to the address provided by the USPS on returned pieces if the forwarding order had expired, but was
8 still within the time period in which the USPS returns the piece with a forwarding address indicated).
9 As of January 26, 2022, Epiq has re-mailed 730 Postcard Notices to members of the Settlement Class
10 where a forwarding address was provided. As of January 26, 2022, Epiq has received a total of 9,756
11 undeliverable Postcard Notices (which includes any re-mailed Postcard Notices that were also
12 returned as undeliverable).

13 ***Notice Results***

14 26. As of January 26, 2022, an Email Notice or Postcard Notice were delivered to
15 144,243,884 of the 158,392,163 unique, identified members of the Settlement Class to whom Epiq
16 sent Notice. This means a deliverable rate of approximately 91% was accomplished for the individual
17 notice efforts.

18 ***Media Plan***

19 ***CLRA Publication Notice***

20 27. As this matter includes claims under the California Consumer Legal Remedies Act
21 (“CLRA”), the notice provision of Government Code section 6064 applies. It provides that
22 “[p]ublication of notice pursuant to this section shall be once a week for four successive weeks. Four
23 publications in a newspaper regularly published once a week or oftener, with at least five days
24 intervening between the respective publication dates not counting such publication dates, are
25 sufficient.” Cal. Gov’t Code § 6064.

26 28. In order to satisfy this notice provision, the Notice Program included four insertions
27 of the Publication Notice as a ¼ page ad unit over four weeks in the “San Francisco” edition of *USA*
28

1 Today. The Publication Notice ran as follows:

<i>Publication</i>	<i>On-Sale Date</i>	<i>Page Position</i>
<i>USA Today</i> (San Francisco regional edition)	12/9/2021	3B
<i>USA Today</i> (San Francisco regional edition)	12/16/2021	3B
<i>USA Today</i> (San Francisco regional edition)	12/23/2021	2C
<i>USA Today</i> (San Francisco regional edition)	12/30/2021	2C

7 29. A copy of the Publication Notice is included as **Exhibit 5**. The Publication Tear
8 Sheets are included as **Exhibit 6**.

Internet Notice Campaign

10 30. Epiq conducted an internet advertisement notice program. Internet advertising has
11 become a standard component in legal notice programs. The Internet has proven to be an efficient
12 and cost-effective method to target and provide measurable reach of persons covered by a settlement.
13 According to MRI-Simmons data⁴, over 94% of all adults are online.

14 31. The Notice Program included targeted banner advertising on selected advertising
15 networks, which was targeted to the Settlement Class based on the customer demographics. The
16 Banner Notices linked directly to the Settlement Website, thereby allowing visitors easy access to
17 relevant information and documents. The Banner Notices used language from the Notices, which
18 allowed users to identify themselves as potential members of the Settlement Class.

19 32. The Notice Program included Banner Notices in various sizes, which were placed on
20 the *Epsilon (formerly Conversant) Ad Network* and the *Google Display Network*. All Banner Notices
21 ran on desktop, mobile, and tablet devices and were distributed to the selected targeted audiences
22 nationwide as described. Banner Notices were also targeted (remarketed) to people who visit the
23 Settlement Website.

24 33. The Notice Program also included advertising on social media, which consisted of
25 Banner Notices on *Facebook* and *Instagram* in various sizes. *Facebook* is the leading social

2 Notices, which ran nationwide from November 19, 2021, through January 2, 2022. Clicking on the
3 Banner Notices linked the reader to the Settlement Website, where they could easily obtain detailed
4 information about the case. Examples of the Banner Notices are included as **Exhibit 7**.

5 ***Internet Sponsored Search Listings***

6 36. The Notice Program includes purchasing sponsored search listings to facilitate
7 locating the Settlement Website. Sponsored search listings are acquired on the three most highly
8 visited internet search engines: *Google*, *Yahoo!*, and *Bing*. When search-engine visitors search on
9 selected common keyword combinations to identify the Settlement, the sponsored search listings are
10 generally displayed at the top of the page prior to the search results or in the upper right-hand column
11 of the web-browser screen. The sponsored search listings are displayed nationwide.

12 37. The sponsored search listings started on November 19, 2021, and will continue
13 through March 5, 2022. As of January 26, 2022, the sponsored search listings have been displayed
14 51,757 times, which resulted in 1,890 clicks that displayed the Settlement Website. A complete list
15 of the sponsored search keyword combinations is included as **Exhibit 8**. Examples of the sponsored
16 search listing as displayed on each search engine are included as **Exhibit 9**.

17 ***Informational Release***

18 38. To build additional reach and extend exposures, on November 19, 2021, a party-
19 neutral Informational Release was issued broadly over PR Newswire to approximately 5,000 general
20 media (print and broadcast) outlets, including local and national newspapers, magazines, national
21 wire services, television and radio broadcast media across the United States as well as approximately
22 4,500 websites, online databases, internet networks and social networking media.

23 39. The Informational Release included the address of the Settlement Website and the toll-

25
26 ⁵ The third-party ad management platform, ClickCease was used to audit the digital Banner Notice
27 ad placements. This type of platform tracks all Banner Notice ad clicks to provide real-time ad
28 monitoring, fraud traffic analysis, blocks clicks from fraudulent sources, and quarantines dangerous
IP addresses. This helps reduce wasted, fraudulent or otherwise invalid traffic (*e.g.*, ads being seen
by ‘bots’ or non-humans, ads not being viewable, etc.).

1 free telephone number. The Informational Release served a valuable role by providing additional
2 notice exposures beyond that which was provided by the paid media. Although it is impossible to
3 capture all the news stories generated, as of January 26, 2022, Hilsoft has identified 169 news stories
4 that discussed the Settlement. A list of the press outlets containing the news stories and the date in
5 which each appeared is included in the Earned Media Report, which is included as **Exhibit 10**. The
6 Informational Release is included as **Exhibit 11**.

7 *Settlement Website*

8 40. On November 19, 2021, Epiq established a dedicated Settlement Website with an easy
9 to remember domain name (www.ZoomMeetingsClassAction.com). The Settlement Website address
10 was included in all Notices. Relevant documents, including the Long Form Notice (“Settlement
11 Notice”), the Claim Form, the Settlement Agreement, the Preliminary Approval Order entered by the
12 Court, and the operative Second Amended Consolidated Class Action Complaint are posted on the
13 Settlement Website to allow members of the Settlement Class to review and download the documents.
14 The Settlement Website also includes relevant dates, answers to frequently asked questions
15 (“FAQs”), instructions for how members of the Settlement Class may opt-out (request exclusion)
16 from or object to the Settlement Agreement, contact information for the Settlement Administrator,
17 and other case-related information. In addition, at the Settlement Website members of the Settlement
18 Class are able to file an online claim. After filing a claim form, members of the Settlement Class can
19 also update their address on the Settlement Website.

20 41. The Settlement Website has been updated with information to Settlement Class
21 Members that Hon. Laurel Beeler is the current presiding judge and Final Approval Hearing now
22 takes place on April 7, 2022, at 9:30 a.m., via Zoom, in Courtroom B of the United States District
23 Court for the Northern District of California, located at San Francisco Courthouse, 15th Floor, 450
24 Golden Gate Ave., San Francisco, CA 94102. The Settlement Website provides the Zoom link to the
25 Final Approval Hearing.

26 42. As of January 26, 2022, there have been 2,343,799 visitors to the Settlement Website
27 and 6,266,832 website pages presented.

1 ***Toll-Free Telephone Number***

2 43. On November 18, 2021, a toll-free telephone number (1-800-397-3418) was
3 established for the Settlement. Callers are able to hear an introductory message with a brief summary
4 of the Settlement and have the option to hear answers to FAQs. Callers also have the option to request
5 that a Long Form Notice and Claim Form be mailed to them. This automated phone system is
6 available 24 hours per day, 7 days per week.

7 44. As of January 21, 2022, there have been 3,818 calls to the toll-free telephone number
8 representing 7,639 minutes of use.

9 ***Postal Mailing Address and Email Address for Information***

10 45. A post office box has been established for the Settlement, allowing members of the
11 Settlement Class to contact the Settlement Administrator by mail with any specific requests or
12 questions. Epiq also established an email address, which is linked to an email inbox for the
13 Settlement. This allows members of the Settlement Class to contact the Settlement Administrator
14 with questions.

15 ***Requests for Exclusion and Objections***

16 46. The deadline to request exclusion from the Settlement or to object to the Settlement is
17 March 5, 2022. As of January 26, 2022, Epiq has received 148 requests for exclusion. As of January
18 26, 2022, I am aware of one objection to the Settlement. I have reviewed the objection and it does
19 not relate to notice or settlement administration. I will provide a supplemental declaration to the
20 Court prior to the Final Approval Hearing to provide updated information regarding any requests for
21 exclusions and/or objections to the Settlement.

22 ***Status of Claims Process and Claim Stimulation Efforts***

23 47. The deadline for members of the Settlement Class to file a claim is March 5, 2022. As
24 of January 26, 2022, Epiq has received 689,586 Claim Forms (688,078 online and 1,508 paper).

25 48. Since there is still more than 40 days for members of the Settlement Class to file a
26 claim before the claim filing deadline, these numbers are preliminary. As the deadline approaches, I
27 expect additional claims will be filed by members of the Settlement Class. In an effort to ensure the
28

1 highest reasonable participation rate, Epiq and Hilsoft—with the agreement of the Parties—will
2 engage in supplemental and targeted claim stimulation efforts. A reminder notice email campaign
3 will begin on February 1, 2022. The Reminder Email Notice will be sent to all members of the
4 Settlement Class who were previously sent an Email Notice that was deliverable, and a claim or
5 request for exclusion was not filed. The Reminder Email Notices will be sent over a period of weeks
6 and will be completed prior to the March 5, 2022, Claims Deadline. Epiq and Hilsoft will also send
7 a Reminder Postcard Notice to members of the Settlement Class who were previously sent a Postcard
8 Notice that was deliverable, and a claim or request for exclusion was not filed. These supplemental
9 efforts will be further described in my supplemental declaration.

10 49. As standard practice, Epiq is in the process of conducting a complete review and audit
11 of all claims received. There is a likelihood that after detailed review, the total number of Claim
12 Forms received will change due to duplicate and denied Claim Forms.

13 **PLAIN LANGUAGE NOTICE DESIGN**

14 50. The Notices and Claim Form were designed to be “noticed,” reviewed, and—by
15 presenting the information in plain language—understood by members of the Settlement Class. The
16 design of the Notices followed the principles embodied in the Federal Judicial Center’s illustrative
17 “model” notices posted at www.fjc.gov. Many courts, and the FJC itself, have approved notices that
18 we have written and designed in a similar fashion. The Notices contain substantial, albeit easy-to-
19 read, summaries of all the key information about members of the Settlement Class’s rights and
20 options. Consistent with our normal practice, all notice documents underwent a final edit prior to
21 actual mailing and publication for grammatical errors and accuracy.

22 51. The Long Form Notice provided substantial information to the Settlement Class. The
23 Long Form Notice included (i) details regarding the members of the Settlement Class’s ability to
24 request exclusion from, object to, or otherwise comment on the Settlement Agreement, (ii)
25 instructions on how to submit a Claim Form, (iii) the deadline to submit a Claim Form, request for
26 exclusion, or objection, and (iv) the date, time, and location of the Final Approval Hearing, among
27 other information.

1 **CONCLUSION**

2 52. In class action notice planning, execution, and analysis, we are guided by due process
3 considerations under the United States Constitution, and by case law pertaining to the recognized
4 notice standards under Fed. R. Civ. P. 23. This framework directs that the notice plan be optimized
5 to reach the class and, in a settlement notice situation such as this, that the notice or notice plan itself
6 not limit knowledge of legal rights—nor the ability to exercise other options—to class members in
7 any way. All of these requirements were met in this case.

8 53. The Notice Program followed the guidance for how to satisfy due process obligations
9 that a notice expert gleans from the United States Supreme Court’s seminal decisions, which are: a)
10 to endeavor to actually inform the class, and b) to demonstrate that notice is reasonably calculated to do so:

11 A. “But when notice is a person’s due, process which is a mere gesture
12 is not due process. The means employed must be such as one desirous
13 of actually informing the absentee might reasonably adopt to
accomplish it,” *Mullane v. Central Hanover Trust*, 339 U.S. 306, 315
(1950).

14 B. “[N]otice must be reasonably calculated, under all the circumstances,
15 to apprise interested parties of the pendency of the action and afford
16 them an opportunity to present their objections,” *Eisen v. Carlisle &
Jacquelin*, 417 U.S. 156 (1974) citing *Mullane* at 314.

17 54. In my opinion, the above-described Notice Program was consistent with other
18 effective class action notice programs. Many courts have accepted and understood that a 75 or 80
19 percent reach is more than adequate. In 2010, the Federal Judicial Center issued a Judges’ Class
20 Action Notice and Claims Process Checklist and Plain Language Guide. This Guide states that, “the
21 lynchpin in an objective determination of the adequacy of a proposed notice effort is whether all the
22 notice efforts together will reach a high percentage of the class. It is reasonable to reach between 70–
23 95%.”⁶ The Notice Program here satisfied this requirement with individual notice sent via email or
24 mailed via USPS first class mail delivered to approximately 91% of the identified members of the
25

1 Settlement Class to whom Epiq sent Notice. Address updating and re-mailing protocols met or
2 exceeded those used in other class action settlements. Coverage was further enhanced by
3 supplemental media provided with regional newspaper notice, nationally distributed digital and social
4 media notice efforts, sponsored search, an informational release, and a Settlement Website.

5 55. It is my opinion, based on my expertise and experience and that of my team, that this
6 method of focused notice dissemination provided effective notice in this Action, provided the best
7 notice that is practicable, adhered to Fed. R. Civ. P. 23, followed the guidance set forth in the Manual
8 for Complex Litigation 4th Ed. and FJC guidance, and met the requirements of due process, including
9 its “desire to actually inform” requirement.

10 56. The Notice Plan schedule affords enough time to provide full and proper notice to
11 Class Members before the opt-out and objection deadlines.

12 57. I will provide a supplemental declaration to the Court prior to the Final Approval
13 Hearing, which will provide updated settlement administration statistics.

14 I declare under penalty of perjury that the foregoing is true and correct. Executed this 27th
15 day of January 2022.

Re: Notice of Proposed Settlement Pursuant to the Class Action Fairness Act (28 U.S.C. § 1715) in *In re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-CV-2155-LKH, in the United States District Court for the Northern District of California

Dear Sir or Madam:

We write on behalf of Defendant Zoom Video Communications, Inc. (“Zoom”) pursuant to 28 U.S.C. § 1715 (“CAFA”) to notify you of a proposed class action settlement in *In re Zoom Video Communications Privacy Litigation*, Case No. 5:20-CV-2155-LKH (N.D. Cal.) (the “Action”). The Action was brought by a putative class of Zoom users alleging that Zoom had misrepresented the nature of its security practices. Zoom does not admit any liability or wrongdoing through the settlement agreement. In accordance with 28 U.S.C. § 1715(b), Zoom states as follows:

1. Complaints and Related Materials (28 U.S.C. § 1715(b)(1))

The complaint can be located on the electronic docket for the above-referenced case at ECF Docket Number 1. The consolidated amended class action complaint can be found at ECF Docket Number 114. The first amended consolidated class action complaint can be found at ECF Docket Number 126. The second amended consolidated class action complaint can be found at ECF Docket Number 179. Copies of these documents, as well as of the Court’s March 11, 2021 order granting in part, and denying in part, Zoom’s motion to dismiss the first amended consolidated class action complaint (ECF Docket Number 168), can be found on the enclosed CD.

2. Notice of Any Scheduled Judicial Hearing (28 U.S.C. § 1715(b)(2))

The preliminary approval motion has been noticed for October 21, 2021, at 1:30 p.m. before the Honorable Lucy H. Koh. The Court has also scheduled a case management conference for November 17, 2021 at 2:00 pm.

3. Proposed Notification to Class Members (28 U.S.C. § 1715(b)(3))

Zoom has agreed to, and plaintiffs’ counsel has sought preliminary approval of, a notice plan that would include (1) individual notice to persons whom Zoom’s records indicate are likely to be Settlement Class members; (2) publication notice including in print media and online/social media; and (3) a settlement website (www.ZoomMeetingsClassAction.com) that will be set up after preliminary approval. The notice plan is described in more detail in the declaration of Cameron R. Azari, Esq., which is available at ECF Docket Number 192. The draft long form notice, summary notice, publication notice, and claim form are annexed as exhibits to the Settlement Agreement, which is available at ECF Docket Number 191-1. A copy of the motion to approve the Settlement Agreement, together with all related materials, including the Settlement Agreement and the Azari declaration, as well as the other declarations in support, are available on the enclosed CD.

August 10, 2021

Page 2

4. Proposed Class Action Settlement Agreement (28 U.S.C. § 1715(b)(4))

The executed Settlement Agreement is available at ECF Docket Number 191-1 and on the enclosed CD.

5. Any Settlement or Other Agreement (28 U.S.C. § 1715(b)(5))

No agreement between Plaintiffs and Zoom or its counsel is in operation, other than what is referenced in the Settlement Agreement.

6. Final Judgment (28 U.S.C. § 1715(b)(6))

There has been no final judgment or notice of dismissal of the Action.

7. Estimate of Class Members in Each State (28 U.S.C. § 1715(b)(7)(B))

The Settlement Agreement defines the Settlement Class as “all Persons in the United States who, between March 30, 2016 and the Settlement Date, registered, used, opened, or downloaded the Zoom Meetings Application (“App”) except for (i) all Persons who have only registered, used, opened, or downloaded the Zoom Meetings App through an Enterprise-Level Account or a Zoom for Government Account, (ii) Zoom and its officers and directors; and (iii) the Judge or Magistrate Judge to whom the action is assigned and any member of those Judges’ staffs or immediate family members.” Settlement Agreement § 1.40.

The Settlement Class includes both users who have signed up for Zoom accounts and those who have used Zoom without signing up, and it includes users who have paid for subscriptions to Zoom and those who have not. It is not feasible for Zoom to provide the names of class members who reside in each State. Indeed, Zoom does not even know the total size of the Settlement Class, but believes that it is in excess of 160 million persons. Zoom does not know the geographic distribution of the Settlement Class, but because its app is widely used in the United States, Zoom assumes that the share of Settlement Class members residing in each state is likely to be roughly proportionate to the population of each state, which estimates are provided in Exhibit A hereto.

8. Judicial Opinions Related to the Settlement (28 U.S.C. § 1715(b)(8))

There are no written judicial opinions relating to the proposed settlement at present.

If you have any questions about this notice, the Action, or the enclosed materials, please feel free to contact the undersigned counsel.

Very Truly Yours,

Benjamin H. Kleine

COURT APPROVED NOTICE OF CLASS ACTION SETTLEMENT

***In re: Zoom Video Communications, Inc. Privacy Litigation
Case No. 5:20-cv-02155-LHK***

If you used the Zoom Meetings Application between March 30, 2016, and July 30, 2021, you could be entitled to benefits, including a cash payment, under a class action settlement.

A federal court authorized this Notice. This is not a solicitation from a lawyer.

You must file a Claim Form by March 5, 2022, to receive cash benefits from this Settlement. To file a Claim Form, click [here](#). YOUR CLAIM NUMBER IS: [REDACTED]

What Is This Litigation About? A settlement has been reached with Zoom Video Communications, Inc. ("Zoom") relating to alleged privacy and security issues with the Zoom Meetings Application ("App"). Plaintiffs allege that Zoom: (i) shared certain information with third parties, (ii) should have done more to prevent unwanted meeting disruptions by third parties, (iii) advertised its Zoom Meetings App as being encrypted "end-to-end" when Plaintiffs contend it was not at that time, and (iv) that the alleged conduct violated California state and federal laws. Zoom denies these allegations. The Court has not decided who is right.

Who Is Included in the Proposed Settlement? All Persons in the United States who have registered, used, opened, or downloaded the Zoom Meetings App, *except for* (i) all Persons who have only registered, used, opened, or downloaded the Zoom Meetings App through an Enterprise-Level Account or Zoom for Government Account, (ii) Zoom and its officers and directors; and (iii) the Judge or Magistrate Judge to whom the action is assigned and, any member of those Judges' staffs or immediate family members.

What Relief Does the Settlement Provide? The Settlement provides money to Class Members who submit a Claim Form postmarked or submitted on www.ZoomMeetingsClassAction.com by **March 5, 2022**. Without admitting liability, the Settlement also requires Zoom to make certain changes to its policies and practices that will benefit Class Members. Zoom will establish an \$85 million Settlement Fund. After deducting Court-approved attorneys' fees (up to \$21,250,000) and expenses (up to \$200,000), Service Payments for the Plaintiffs, and the costs of settlement notice and administration from the \$85 million Settlement Fund, the remaining funds will be made available, if the Settlement is approved, to pay Class Members' valid claims. Settlement Class members can submit one of the following types of claims:

- **Paid Subscription Claim:** If you are a Class Member who paid for a Zoom Meetings App subscription, between March 30, 2016 and July 30, 2021, you are eligible to file a claim for \$25 or 15% of the money you paid to Zoom for the core subscription (i.e., not including optional add on features/support that customers may add to their subscriptions) during that time, whichever is greater. For example, if you spent \$75 on a Zoom Meetings App subscription during the relevant time period, 15% of \$75 is \$11.25. Because \$11.25 is less than \$25, your claim will be treated as a claim for \$25.
- **User Claim:** If you are not eligible for a Paid Subscription Claim and you registered, used, opened, or downloaded the Zoom Meeting App between March 30, 2016 and July 30, 2021 and you are not eligible to submit a Paid Subscription Claim, you are eligible to file a claim for \$15.

Please note that these payment amounts may be reduced depending on the number of valid claims. Final payment amounts will be calculated and distributed based on the total number of Class Members who submit valid claims

This is only a notice of what to expect. Nothing will happen unless the Court approves the Settlement.

How Do I Get a Payment? You must submit your claim online at www.ZoomMeetingsClassAction.com or file a paper Claim Form by **March 5, 2022**. Paper Claim Forms are available at the [website](#) or by calling the toll-free number.

Your Other Options: If you do nothing, your rights will be affected, and you won't get a payment. If you file a Claim Form, object to the Settlement or do nothing, you are choosing to stay in the Settlement Class. You will be legally bound by all orders of the Court and you will not be able to start, continue or be part of any other lawsuit against Zoom about the allegations of the case. If you don't want to be legally bound by the Settlement or receive any benefits from it, you must exclude yourself by **March 5, 2022**. If you do not exclude yourself, you may object to the Settlement by **March 5, 2022**.

The Final Approval Hearing: The Court has scheduled a hearing in this case (*In re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-cv-02155) for **April 7, 2022, at 1:30 p.m.**, to consider: whether to approve the Settlement and award Service Payments, attorneys' fees, and expenses; as well as consider any objections. You or your attorney may attend and ask to appear at the hearing, but you are not required to do so.

More Information: Complete information about all of your rights and options, as well as a Claim Form, a more detailed Long Form Notice and the Settlement Agreement are available at www.ZoomMeetingsClassAction.com, by emailing Info@ZoomMeetingsClassAction.com, or by calling toll-free 1-800-397-3418.

BACKGROUND INFORMATION

1. Why did I get this Notice?

The Court authorized this Notice because you have a right to know about the proposed Settlement of certain claims against Zoom in this class action lawsuit and about your options before the Court decides whether to approve the Settlement. If the Court approves the Settlement and after any appeals are resolved, the Settlement Administrator will make the payments that the Settlement allows. If the Court approves the Settlement and after any appeals are resolved, you will be bound by the Judgment and terms of the Settlement, unless you timely exclude yourself (“opt out”) from the Settlement.

This Notice explains the Action, the Settlement, and your legal rights and options, and the deadlines for you to exercise your rights. To obtain more information about the Settlement, including information about how you can see a copy of the Settlement Agreement (which defines certain capitalized terms used in this Notice), see Section 22 below.

2. Why is this a class action?

In a class action lawsuit, one or more people or businesses called “Class Representatives” sue on behalf of others who have similar claims. All of the people or businesses who have similar claims are a “class” or “class members,” if the class is certified by the Court. Individual class members do not have to file a lawsuit to participate in the class action settlement or be bound by the judgment in the class action. One court resolves the issues for everyone in the class, except for those who exclude themselves from the class, as explained in Section 15 below.

3. What is this lawsuit about?

This class action is called *In re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-cv-02155-LHK and is pending in the United States District Court for the Northern District of California. U.S. District Court Judge Lucy H. Koh is overseeing this class action.

Plaintiffs claim certain theories of alleged wrongful conduct by Zoom: (1) unauthorized sharing of users’ information with third parties through incorporation of software development kits (SDKs) in the Zoom application, (2) unauthorized sharing of users’ information with third parties through the third-party developers’ employment of apps that can be installed and run on the Zoom platform (known as “marketplace apps”), (3) failure to prevent unwanted meeting disruptions by third parties, and (4) misrepresentations that Zoom provided end-to-end encryption at a time when Plaintiffs allege Zoom did not. Plaintiffs claim that such alleged conduct violated California state and federal laws. Zoom denies these allegations and denies any liability whatsoever.

The issuance of this Notice is not an expression of the Court’s opinion on the merit or the lack of merit of any of Plaintiffs’ claims or Zoom’s defenses in the lawsuit. The Court has not decided who is right or wrong. Instead, both sides have agreed to a settlement to avoid the risk and cost of further litigation.

For information about what has happened in the lawsuit to date, and about the additional litigation referenced herein, you can access the Settlement Agreement and other case documents at www.ZoomMeetingsClassAction.com. Please also see Section 22 below for additional information about accessing case documents.

QUESTIONS? Visit www.ZoomMeetingsClassAction.com or call 1-800-397-3418.

In addition, there are two other lawsuits brought against Zoom pending in other courts that involve some of the same allegations as in this Action. These lawsuits are discussed in more detail in Section 12 below. **If you do not exclude yourself from this Settlement, you will be releasing any claims you may have in both those related litigations.**

4. Why is there a settlement?

The Court did not decide in favor of the Plaintiffs or Zoom. Instead, both sides have agreed to the Settlement. Both sides want to avoid the risk and cost of further litigation. Plaintiffs and Class Counsel also believe that the Settlement is in the best interests of the Settlement Class.

5. Am I part of the Settlement Class?

The Court has decided that everyone who fits this description is a Settlement Class member for purposes of the proposed Settlement:

All Persons in the United States who, between March 30, 2016, and July 30, 2021, registered, used, opened, or downloaded the Zoom Meetings Application (“App”), except for (i) all Persons who have only registered, used, opened, or downloaded the Zoom Meetings App through an Enterprise-Level Account or a Zoom for Government Account, (ii) Zoom and its officers and directors; and (iii) the Judge or Magistrate Judge to whom the action is assigned and any member of those Judges’ staffs or immediate family members.

If you have received a Claim Number on a mailed or emailed notice, then you can file a claim using that number by visiting www.ZoomMeetingsClassAction.com.

Enterprise and Government Accounts Are Excluded: People who have only used Zoom through an Enterprise-Level Account or Zoom for Government Account are excluded from the proposed Settlement Class.

- An “Enterprise-Level Account” is a registered Zoom Meetings App account that as of July 30, 2021 belonged to, was controlled by, or was provisioned by a Person paying to use (or otherwise licensed by Zoom to use) the Zoom Meetings App at the “Enterprise” level of Zoom’s pricing plans, as opposed to other account types, including “Basic,” “Pro,” or “Business” levels (see <https://zoom.us/pricing>).
- A “Zoom for Government Account” is a Zoom for Government user account (see <https://www.zoomgov.com/>) as of July 30, 2021.
- This means that if the only time you have used the Zoom Meetings App was when using an Enterprise-Level Account or a Zoom for Government Account, you are excluded from the Settlement Class.

How can I tell if I have an Enterprise-Level Account or a Zoom for Government Account paid for by someone else?

- To determine if you have an Enterprise-Level Account, login to your account at zoom.us, then go to the “My Account” page and click on the “Account Profile” tab on the left. If “Account Type” includes the word “Enterprise,” you have an Enterprise-Level Account:

QUESTIONS? Visit www.ZoomMeetingsClassAction.com or call 1-800-397-3418.

- Regardless of the Account Type stated on your Account Profile, you may also be an excluded Enterprise-Level Account under the Settlement Agreement if the subscription through which you access Zoom has features that are only available at the Enterprise level, such as having 100 or more paid licenses (see <https://zoom.us/pricing>).
- To determine if you have a Zoom for Government Account on a Zoom desktop application, click your profile icon in the upper-right corner. If “ZOOMGOV” is displayed at the top right, then you have a Zoom for Government Account:

QUESTIONS? Visit www.ZoomMeetingsClassAction.com or call 1-800-397-3418.

- To determine if you have a Zoom for Government Account on a Zoom mobile device application, click on the “Settings” tab. If “ZOOMGOV” is displayed at the top right, then you have a Zoom for Government Account:

If you have not received a Claim Number and are still not sure if you are included in the Settlement Class, further details are provided in the Settlement Agreement, available for download at www.ZoomMeetingsClassAction.com. **You may also contact the Settlement Administrator at Info@ZoomMeetingsClassAction.com or call toll-free at 1-800-397-3418.**

THE PROPOSED SETTLEMENT

6. What relief does the Settlement provide to Settlement Class Members?

The Settlement provides monetary payments to eligible Settlement Class Members who submit a valid Claim Form on or before **March 5, 2022** (see Section 7 below on how to submit a Claim Form). Without admitting liability, Zoom has also agreed to make certain changes to its policies and practices that will benefit the Settlement Class, the details of which you can review in the Settlement Agreement at Section 3, available at www.ZoomMeetingsClassAction.com.

If the Court approves the Settlement, Zoom will pay \$85 million to create a Settlement Fund. The money remaining in the Settlement Fund after paying settlement administration and notice costs, the award of attorneys’ fees and expenses to Class Counsel by the Court (“Fee and Expense Award”), and any Service Payments to Plaintiffs ordered by the Court, is called the “Net

Settlement Fund.” The Net Settlement Fund will be distributed to Settlement Class Members who submit a valid Claim Form on or before **March 5, 2022**.

Eligible Settlement Class Members can submit a Claim Form for the following claims:

- **Paid Subscription Claim:** If you are a Class Member who paid for a Zoom Meetings App subscription between March 30, 2016, and July 30, 2021, you are eligible to file a claim for \$25 or 15% of the money you paid to Zoom for the core App subscription (i.e., not including optional add-on features/support that customers may add to their subscriptions) during that time, whichever is greater. For example, if you spent \$75 on a Zoom Meetings App subscription during the relevant time period, 15% of \$75 is \$11.25. Because \$11.25 is less than \$25, your claim will be treated as a claim for \$25.
- **User Claim:** If you registered, used, opened, or downloaded the Zoom Meetings App between March 30, 2016, and July 30, 2021, and you are not eligible to submit a Paid Subscription Claim, you are eligible to file a claim for \$15.

The amount paid to each Class Member who submits a Claim will depend on (i) the number of valid claims submitted, (ii) the total costs of administering the Settlement and providing notice to the Class Members, (iii) the amount of the Fee and Expense Award, and (iv) any Service Payments to Plaintiffs approved by the Court. No one knows in advance how much each valid claim payment will be until the deadline for submitting claims passes and the Court approves the Fee and Expense Award and Service Payments.

Because many people might submit claims, it is possible that you will receive less money than what is described above. Any reduction in how much money you might receive will be governed by the terms and conditions of the Settlement Agreement, which is available at www.ZoomMeetingsClassAction.com.

7. How do I get a Payment?

To make a claim and receive a payment, you must complete and submit a Claim Form online at www.ZoomMeetingsClassAction.com by March 5, 2022, or by mail postmarked by March 5, 2022.

Read the instructions on the Claim Form carefully.

A Claim can be filed quickly and easily at www.ZoomMeetingsClassAction.com, but if you wish to mail in the Claim Form, you may download a copy at www.ZoomMeetingsClassAction.com or call toll-free 1-800-397-3418 and request a Claim Form be sent to you. If you plan to mail in a Claim Form, then please type or legibly print all requested information in blue or black ink. Mail your completed Claim Form, including any supporting documentation, by U.S. Mail to the following address:

Form, prompting you to select how you'd like to be paid. You can receive your payment via a variety of digital options such as digital debit card or PayPal, or you can elect to receive a check.

8. What am I giving up by staying in the Settlement Class?

Unless you exclude yourself, you will remain in the Settlement Class. Remaining in the Settlement Class means that you cannot sue, continue to sue, or be part of any other lawsuit against Zoom—including those in Section 12 below—that makes claims based on the facts and legal theories alleged in this case or any of the business practices Zoom adopts pursuant to the Settlement Agreement. It also means that all of the Court's orders will apply to you and legally bind you. The Released Claims are detailed in the Settlement Agreement available at www.ZoomMeetingsClassAction.com.

9. What happens if I do nothing at all?

If you do nothing, you will remain a member of the Settlement Class and be bound by the Settlement. However, if you were eligible to share in the Net Settlement Fund but do not submit a claim, you will not receive a payment.

10. Will the Plaintiffs receive any compensation for their efforts in bringing this Action?

Plaintiffs will request a Service Payment of up to \$5,000 (each) for their services as Class Representatives and their efforts in bringing the Action. The Court will make the final decision as to the amount to be paid to the Plaintiffs.

11. When will I get a payment if I submit an Approved Claim?

If you submit a Claim Form by **March 5, 2022**, and the Court approves the Settlement and orders payment to Settlement Class Members, you will receive payment about 75 days after the Court grants Final Approval of the Settlement, assuming that no one files an appeal challenging the Settlement.

12. Are there other related litigations against Zoom?

There are two other lawsuits against Zoom that concern some of the same allegations as in this Action.

The lawsuits are pending in the Superior Court of the State of California, County of Santa Clara: *Arriaza v. Zoom Video Communications, Inc.*, Case No. 20CV366439, and *Greenbaum v. Zoom Video Communications, Inc.*, Case No. 20CV366980 (collectively, the "Related Litigations"). Both of those lawsuits are brought as class actions on behalf of California users of the Zoom Meetings App, although the court has not yet decided whether they can proceed as class actions. Plaintiffs in those lawsuits allege liability based on the same theories of liability as alleged in this Action. They bring claims for (1) California common law invasion of privacy and violation of the California Constitution's right to privacy, Art. 1, § 1; (2) negligence; (3) breach of the implied warranty of merchantability; (4) breach of implied contract; (5) unjust enrichment; (6) violation of California's UCL; (7) violation of California's CLRA; and (8) violation of the California Consumer Privacy Act. **If you are a California resident, you will be giving up any rights under those lawsuits if you do not exclude yourself from this Settlement.**

QUESTIONS? Visit www.ZoomMeetingsClassAction.com or call 1-800-397-3418.

As with the claims in this Settlement, Zoom denies any liability whatsoever in the Related Litigations. The issuance of this Notice is not an expression of the Court's opinion on the merit or the lack of merit of any of the claims in the Related Litigations.

THE LAWYERS REPRESENTING YOU

13. Do I have a lawyer in this case?

The Court has appointed (1) Tina Wolfson of Ahdoot & Wolfson, PC and (2) Mark C. Molumph of Cotchett, Pitre, & McCarthy LLP as Class Counsel. Their contact information is:

Tina Wolfson
Ahdoot & Wolfson, PC
classcounsel@ZoomMeetingsClassAction.com

Mark C. Molumph
Cotchett, Pitre, & McCarthy LLP
classcounsel@ZoomMeetingsClassAction.com

You do not need to hire a lawyer because Class Counsel is working on your behalf.

If you wish to pursue your own lawsuit separate from this one, or if you exclude yourself from the Settlement, these lawyers will no longer represent you. You will need to hire a lawyer if you wish to pursue your own lawsuit against Zoom.

14. How will the lawyers be paid?

Class Counsel intend to seek up to 25% of the Settlement, or \$21,250,000 as attorneys' fees and up to \$200,000 for reimbursement of expenses. The Court will make the final decision as to the amounts to be paid to the Class Counsel and may award amounts different than the requested amounts. If awarded, these amounts will be deducted from the Settlement Fund before making payments to Class Members. You will not have to pay any fees or expenses.

HOW TO EXCLUDE YOURSELF FROM THE SETTLEMENT

15. How do Class Members exclude themselves from the Settlement?

If you are a member of the Settlement Class, do not want monetary benefits, and do not want to be legally bound by the terms of the Settlement, you must exclude yourself (or opt out) from the Settlement Class. If you wish to participate in or receive benefits under any of the other lawsuits pending against Zoom based on the claims that will be released (see Section 12 above) in this lawsuit if the Court approves the Settlement, or if you wish to pursue your own separate lawsuit against Zoom based on the claims that will be released (see Section 8 above) in this lawsuit, you must exclude yourself from the Settlement Class.

This requires submitting a written request to the Settlement Administrator stating your intent to exclude yourself from the Settlement. Your Request for Exclusion must include the following: (1) your name, address, and email address; (2) **your physical signature**; (3) the name and number of this Action (i.e., *In re: Zoom Video Communications, Inc. Privacy Litigation*, Master Case No. 5:20-cv-02155-LHK); and (4) a statement that you wish to be excluded from the Settlement Class for the purposes of this Settlement. Requests made on behalf of more than one Settlement Class Member are not allowed.

QUESTIONS? Visit www.ZoomMeetingsClassAction.com or call 1-800-397-3418.

You must mail your Request for Exclusion to the following address:

In Re: Zoom Video Communications, Inc. Privacy Litigation
Exclusions
P.O. Box 3998
Portland, OR 97208-3998

You may also email your Request for Exclusion as an attachment to an email to the following address: Info@ZoomMeetingsClassAction.com.

Requests for Exclusion must be postmarked by or emailed by **March 5, 2022**.

If you submit a valid written request to be excluded from the Settlement Class, you will not be a part of the Settlement, you will not be eligible to make a claim for payment (as described in Section 7 above), you will not be bound by the Final Order and Judgment entered in the Action, and you will not be precluded from bringing any other claim against Zoom based on the conduct complained of in the Action. If you submit both a Request for Exclusion and an Objection to the Settlement (as described in Section 17 below), your Objection will not be considered, and you will be deemed to have requested exclusion from the Settlement.

16. If I do not exclude myself, can I still sue Zoom for the same thing later?

No. Unless you exclude yourself, you give up the right to sue Zoom for any claims that are released (see Section 15 above) by the Settlement Agreement. If you have a current lawsuit against Zoom, speak to your lawyer in that lawsuit immediately to determine whether you must exclude yourself from the Settlement Class to continue your own lawsuit against Zoom.

HOW TO OBJECT TO THE SETTLEMENT

17. How do I tell the Court that I do not like the Settlement?

If you are a Settlement Class Member and have not excluded yourself from the Settlement, you can ask the Court to deny approval by filing an objection. You can't ask the Court to order a different settlement; the Court can only approve or reject the Settlement. If the Court denies approval, no settlement payments will be sent out and the lawsuit will continue. If that is what you want to happen, you must object.

Any objection to the proposed Settlement must be in writing. If you file a timely written objection, you may, but are not required to, appear at the Final Approval Hearing, either in person or through your own attorney. If you appear through your own attorney, you are responsible for hiring and paying that attorney. All written objections and supporting papers must (a) clearly identify the case name and number (*In Re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-cv-02155-LHK); (b) be submitted to the Court either by mailing them to the Class Action Clerk, United States District Court for the Northern District of California, 280 South 1st Street, Room 2112, San Jose, CA 95113, or by filing them in person at any location of the United States District Court for the Northern District of California; and (c) be filed or postmarked on or before **March 5, 2022**.

Your Objection should include (1) your name, address, and email address; (2) an explanation of the basis upon which you claim to be a Settlement Class Member; (3) whether the objection applies only to you, a subset of the Settlement Class, or the entire Settlement Class; (4) all grounds for the objection, including all citations of legal authority and evidence supporting the objection; (5) the name and contact information of any and all attorneys representing, advising, or in any way

QUESTIONS? Visit www.ZoomMeetingsClassAction.com or call 1-800-397-3418.

assisting you in connection with the preparation or submission of the objection or who may profit from the pursuit of the objection, who must enter an appearance with the Court in accordance with the Local Rules; and (6) a statement indicating whether you intend to appear at the Final Approval Hearing (either personally or through attorney).

If you do not timely make your objection, you will be deemed to have waived all objections and will not be entitled to speak at the Final Approval Hearing.

18. What is the difference between excluding myself and objecting to the Settlement?

Objecting is telling the Court that you do not like something about the Settlement while remaining in the Settlement Class and being subject to the Settlement. You can object only if you do not exclude yourself from the Settlement Class. Excluding yourself is telling the Court that you do not want to be part of the Settlement Class or the lawsuit as outlined in Section 15. If you exclude yourself, you are no longer a member of the Settlement Class and you do not have a right to share in the Settlement's proceeds or to object because the Settlement no longer affects you.

FINAL APPROVAL HEARING

19. When and where will the Court decide whether to approve the Settlement?

The Court has preliminarily approved the Settlement and will hold a hearing to decide whether to give final approval to the Settlement on **April 7, 2022**, at **1:30 p.m.**, at the United States District Court for the Northern District of California, San Jose Division, Robert F. Peckham Federal Building & United States Courthouse, Courtroom 8, 4th Floor, 280 South 1st Street, San Jose, CA 95113. At the Final Approval Hearing, the Court will consider whether the Settlement is fair, reasonable, and adequate to Settlement Class Members. The Court will also consider whether to approve the requested Fee and Expense Award for Class Counsel and Service Payments for Plaintiffs. If there are objections, the Court will consider them. The Court will listen to people who have asked to speak at the Final Approval Hearing. The Court will then issue decisions on these issues; we do not know how long those decisions will take.

Please note that the Final Approval Hearing may take place by video conference only. If this is the case, instructions on how to join the video conference for the Final Approval Hearing will be posted at www.ZoomMeetingsClassAction.com prior to the hearing.

Also please note that the date of the Final Approval Hearing may change without further notice to the Class. You should check the Settlement Website (www.ZoomMeetingsClassAction.com) or the Court's PACER site at <https://ecf.cand.uscourts.gov> to confirm that the date has not been changed.

20. Do I have to come to the Final Approval Hearing?

No. Class Counsel will attend the Final Approval Hearing and answer any questions the Court may have. However, you are welcome to participate at your own expense. If you send an Objection, you do not have to come to the Final Approval Hearing to talk about it. As long as you submitted your written Objection by **March 5, 2022**, in accordance with the instruction in this Notice (see Section 17 above) the Court will consider it. You may also pay your lawyer to attend, but it is not necessary.

QUESTIONS? Visit www.ZoomMeetingsClassAction.com or call 1-800-397-3418.

21. May I speak at the hearing?

You may ask to speak at the Final Approval Hearing. If you wish to attend and speak at the Final Approval Hearing you are free to do so, whether or not you file an Objection, or whether you wish to comment or speak in support of the Settlement.

In order to speak at the hearing, you may request to do so at the Final Approval Hearing, or by filing a “Notice of Intention to Appear” with the Court prior to the Final Approval Hearing. Such requests must (a) clearly identify the case name and number (*In Re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-cv-02155-LHK), (b) be submitted to the Court either by mailing them to the Class Action Clerk, United States District Court for the Northern District of California, 280 South 1st Street, Room 2112, San Jose, CA 95113, or by filing them in person at any location of the United States District Court for the Northern District of California with the Court. You can also indicate that you wish to speak at the Final Hearing in your written objection (see Section 17 above). If you plan to have your attorney speak for you at the hearing, your objection should also include your attorney’s name, address, and phone number.

If you have submitted a Request for Exclusion from the Settlement, however, you may not speak at the Final Approval Hearing because the Settlement no longer affects you.

Exhibit 5

In re: Zoom Video Communications, Inc. Privacy Litigation
Case No. 5:20-cv-02155-LHK

If you used the Zoom Meetings Application between March 30, 2016 and July 30, 2021, you could be entitled to benefits, including a cash payment, under a class action settlement.

A federal court authorized this Notice.

You must file a Claim Form by March 5, 2022 to receive cash benefits from this Settlement.

What is this Litigation About? A settlement has been reached with Zoom Video Communications, Inc. (“Zoom”) relating to alleged privacy and security issues with the Zoom Meetings Application (“App”). Plaintiffs allege that Zoom: (i) shared certain information with third parties, (ii) should have done more to prevent unwanted meeting disruptions by third parties, (iii) advertised its Zoom Meetings App as being encrypted “end-to-end” when Plaintiffs contend it was not at that time, and (iv) that the alleged conduct violated California state and federal laws. Zoom denies these allegations. The Court has not decided who is right.

Who is Included in the Proposed Settlement? All Persons in the United States who have registered, used, opened, or downloaded the Zoom Meetings App *except for* (i) all Persons who have only registered, used, opened, or downloaded the Zoom Meetings App through an Enterprise-Level Account or Zoom for Government Account, (ii) Zoom and its officers and directors; and (iii) the Judge or Magistrate Judge to whom the action is assigned and, any member of those Judges’ staffs or immediate family members. Please see the Long Form Notice for more details, available at www.ZoomMeetingsClassAction.com.

What Relief Does the Settlement Provide? The Settlement provides money to Class Members who submit a Claim Form postmarked or submitted on www.ZoomMeetingsClassAction.com by **March 5, 2022**. Without admitting liability, the Settlement also requires Zoom to make certain changes to its policies and practices that will benefit Class Members. Zoom will establish an \$85 million Settlement Fund. After deducting Court-approved attorneys’ fees (up to \$21,250,000) and expenses (up to \$200,000), Service Payments for the Plaintiffs, and the costs of settlement notice and administration from the \$85 million Settlement Fund, the remaining funds will be made available, if the Settlement is approved, to pay Class Members’ valid claims. Settlement Class Members can submit one of the following types of claims:

- **Paid Subscription Claim:** If you are a Class Member who paid for a Zoom Meetings App subscription, between March 30, 2016 and July 30, 2021, you are eligible to file a claim for \$25 or 15% of the money you paid to Zoom for the core subscription (i.e., not including optional add on features/support that customers may add to their subscriptions) during that time, whichever is greater. For example, if you spent \$75 on a Zoom Meetings App subscription during the relevant time period, 15% of \$75 is \$11.25. Because \$11.25 is less than \$25, your claim will be treated as a claim for \$25.
- **User Claim:** If you are not eligible for a Paid Subscription Claim and you registered, used, opened, or downloaded the Zoom Meeting App between March 30, 2016 and July 30, 2021 and you are not eligible to submit a Paid Subscription Claim, you are eligible to file a claim for \$15.

Please note that these payment amounts may be reduced depending on the number of valid claims. Final payment amounts will be calculated and distributed based on the total number of Class Members who submit valid claims.

This is only a notice of what to expect. Nothing will happen unless the Court approves the Settlement.

How Do I Get a Payment? You must submit your claim online at www.ZoomMeetingsClassAction.com or file a paper Claim Form by **March 5, 2022**. Paper Claim Forms are available at the website or by calling the toll-free number.

Your Other Options: If you are a Settlement Class Member and you do nothing, your rights will be affected, and you won’t get a payment. If you file a Claim Form, object to the Settlement or do nothing, you are choosing to stay in the Settlement Class. You will be legally bound by all orders of the Court and you will not be able to start, continue or be part of any other lawsuit against Zoom about the allegations of the case. If you don’t want to be legally bound by the Settlement or receive any benefits from it, you must exclude yourself by **March 5, 2022**. If you do not exclude yourself, you may object to the Settlement by **March 5, 2022**.

The Final Approval Hearing: The Court has scheduled a hearing in this case (*In re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-cv-02155) for **April 7, 2022, at 1:30 p.m.**, to consider: whether to approve the Settlement and award Service Payments, attorneys’ fees, and expenses; as well as consider any objections. You or your attorney may attend and ask to appear at the hearing, but you are not required to do so.

More Information: Complete information about all of your rights and options, as well as a Claim Form, a more detailed Long Form Notice and the Settlement Agreement are available at www.ZoomMeetingsClassAction.com, by emailing Info@ZoomMeetingsClassAction.com, or by calling toll-free 1-800-397-3418.

IMPORTANT NOTE: The dates and deadlines may be changed without further notice to the Settlement Class, so please check the Settlement Website, www.ZoomMeetingsClassAction.com, or the Court’s Public Access to Court Electronic Records (“PACER”) website at <https://ecf.cand.uscourts.gov> to confirm that the dates have not been changed.

This notice is only a summary. How to pick the right travel jacket

On Travel

Christopher Elliott
Special to USA TODAY

When you think of the perfect travel jacket, a vest with lots of pockets probably comes to mind.

It does for Jeffrey Hayzlett. His current favorite is the new RFID Travel Vest from SCOTTTeVEST, which comes with an eye-popping 26 pockets that fit everything from car keys to a tablet. That's right, the vest is all pockets, and you can pack even a 12.9-inch iPad Pro into it. There's even a pocket you can put your wallet or phone in to protect from hackers.

"I use the vest when traveling, and I put all my electronic gear in it that I have to take out for the TSA," says Hayzlett, a TV producer based in New York. "I have assigned pockets for my cell phone, charging cables, ear pods – everything."

With the weather turning colder in most parts of North America, travelers are searching for the right jacket to take on their next journey. No one knows the exact size of the travel apparel market, but from all outward appearances, it seems to be growing.

"Travel jackets are cool," says Kunal Sawhney, CEO of Kalkine Group, an Australian equities research firm with a specialty in lifestyle brands. "But mainstream adoption remains elusive."

He says travelers during the pandemic generally like the idea behind travel jackets. Cutting back on carry-on luggage and avoiding fees has a timeless appeal. But during the pandemic, the thought of minimizing contact with the airport, plane and other passengers has become particularly attractive.

But how do you do that? There are lots of ways and no one-size-fits-all solution. The coats are ranging from specialized garments created for travelers to multipurpose jackets that don't necessarily advertise that you're a traveler. (Note: Because I'm a guy, I evaluated the

men's jackets where possible. But women's versions are available for many of the products mentioned.)

New travel jackets have more than pockets

Johannes Larsson is a fan of the Patagonia Men's Nano Puff Travel Jacket. It doesn't have all the pockets of the Bau-bax or SCOTTTeVEST, but it fits into a small space. Larsson, a business consultant who lives in Cyprus and travels frequently, says the Puff is perfect for everyday use, climbing, hiking, or running. "The best part is it can double as a pillow because of the softness of its synthetic down feathers that feel incredibly comfortable," he says.

Walter Sky's WS-J02 is another travel jacket that embraces a less-is-more philosophy. Like the nano, it's a mid-layer jacket that's ideal for in-between weather. It's made of breathable, stretchable polyester. Other than a few thoughtful inside pockets, the WS-J02 doesn't aim for the jet set. Instead, it makes itself a viable option for anyone who wants to store a few extra items – and look sharp.

Light travel jackets embrace function and form

Some of the most popular new jackets balance function and form. For example, the new Ibex Shak Lite, made from merino ponte knit, emphasizes its temperature regulating and antimicrobial properties. As with other merino wool jackets, it stays odor-free so that you can wear it for your entire trip without washing, which allows you to pack less. The Shak has two zippered hand pockets and two interior drop pockets, but it isn't trying to be wearable luggage.

Unbound's compact travel hoodie is also worth considering. It's wrinkle-resistant, compact, and takes a nice picture. The merino wool is also soft, light and flexible. Unbound founder Dan Demsky told me he skipped the frivolous pockets when he created the hoo-

die, instead opting for a "sleek, timeless, and minimalist design." So even though you can't cram all of your electronics into it, it might be the ideal companion if you're headed for in-between weather on your next trip.

These mid-layer travel jackets are cool

If you get cold on a plane or are flying somewhere with a cooler climate, you have choices. One of the newest mid-layer jackets is the Hilgard Quilted Down Jacket from Linksoul. It's by far the lightest and most versatile of the puffer jackets. With four internal pockets, it almost crosses the line into the wearable luggage category. Also, you can fold the jacket into its own interior pocket for easy carrying.

For a more severe winter, there's Royal Robbins Switchform Jacket. It's so comfortable that you can sleep in it, but it's also made from recycled polyester and has a PFC-free waterproof finish, so it also has a conscience. My favorite feature is that it converts into a small carry-on bag.

I'm partial to the layer method. I use the Kühl Intercept FZ fleece jacket, which has two pockets for electronics, but is also comfortable and keeps me warm even on flights when they turn the

air conditioner to zero degrees. I grab my Coalatree Camper Hooded Jacket if it's freezing, which also folds into a neat pillow. If I'm headed somewhere with subzero temperatures, I'm leaning toward wearing the Switchform.

So what's the right travel jacket for your next trip? It depends where you're going, whether you need to use the jacket as an extra carry-on, and your personal style. But, like life itself, one size doesn't fit all.

How to choose the right travel jacket

What do you need it to do? For some, the indispensable travel jacket is a sports coat. The newest innovations on that front are the wrinkle-proof blazers such as the xSuit 2.1. They're as comfortable as pajamas, and they always look terrific. For others, wearable luggage that makes you look like you're on a fishing expedition is the way to go.

How do you need it to look? How do you want to look in your travel jacket? Some of the most utilitarian travel jackets look like travel jackets (I'm lookin' at you, Bau-bax). Others are so understated that you wouldn't know they're made for travelers. For example, the Bluffworks Travel Blazer I've worn for years is virtually indistinguishable from a regular blazer. But it's a travel jacket.

How does it make you feel? Do you want something that never smells bad and don't mind a little scratchiness? Then go for the merino. If you want to feel like you're wearing a cloud but are OK with the animal welfare questions that goose down raises, go for the puffy.

COURT APPROVED NOTICE OF CLASS ACTION SETTLEMENT

In re: Zoom Video Communications, Inc. Privacy Litigation
Case No. 5:20-cv-02155-LHK

If you used the Zoom Meetings Application between March 30, 2016 and July 30, 2021, you could be entitled to benefits, including a cash payment, under a class action settlement.

A federal court authorized this Notice.

You must file a Claim Form by March 5, 2022 to receive cash benefits from this Settlement.

What is this Litigation About? A settlement has been reached with Zoom Video Communications, Inc. ("Zoom") relating to alleged privacy and security issues with the Zoom Meetings Application ("App"). Plaintiffs allege that Zoom: (i) shared certain information with third parties, (ii) should have done more to prevent unwanted meeting disruptions by third parties, (iii) advertised its Zoom Meetings App as being encrypted "end-to-end" when Plaintiffs contend it was not at that time, and (iv) that the alleged conduct violated California state and federal laws. Zoom denies these allegations. The Court has not decided who is right.

Who is Included in the Proposed Settlement? All Persons in the United States who have registered, used, opened, or downloaded the Zoom Meetings App *except for* (i) all Persons who have only registered, used, opened, or downloaded the Zoom Meetings App through an Enterprise-Level Account or Zoom for Government Account, (ii) Zoom and its officers and directors; and (iii) the Judge or Magistrate Judge to whom the action is assigned and, any member of those Judges' staffs or immediate family members. Please see the Long Form Notice for more details, available at www.ZoomMeetingsClassAction.com.

What Relief Does the Settlement Provide? The Settlement provides money to Class Members who submit a Claim Form postmarked or submitted on www.ZoomMeetingsClassAction.com by March 5, 2022. Without admitting liability, the Settlement also requires Zoom to make certain changes to its policies and practices that will benefit Class Members. Zoom will establish an \$85 million Settlement Fund. After deducting Court-approved attorneys' fees (up to \$21,250,000) and expenses (up to \$200,000), Service Payments for the Plaintiffs, and the costs of settlement notice and administration from the \$85 million Settlement Fund, the remaining funds will be made available, if the Settlement is approved, to pay Class Members' valid claims. Settlement Class Members can submit one of the following types of claims:

- **Paid Subscription Claim:** If you are a Class Member who paid for a Zoom Meetings App subscription, between March 30, 2016 and July 30, 2021, you are eligible to file a claim for \$25 or 15% of the money you paid to Zoom for the core subscription (i.e., not including optional add on features/support that customers may add to their subscriptions) during that time, whichever is greater. For example, if you spent \$75 on a Zoom Meetings App subscription during the relevant time period, 15% of \$75 is \$11.25. Because \$11.25 is less than \$25, your claim will be treated as a claim for \$25.
- **User Claim:** If you are not eligible for a Paid Subscription Claim and you registered, used, opened, or downloaded the Zoom Meeting App between March 30, 2016 and July 30, 2021 and you are not eligible to submit a Paid Subscription Claim, you are eligible to file a claim for \$15.

Please note that these payment amounts may be reduced depending on the number of valid claims. Final payment amounts will be calculated and distributed based on the total number of Class Members who submit valid claims.

This is only a notice of what to expect. Nothing will happen unless the Court approves the Settlement.

How Do I Get a Payment? You must submit your claim online at www.ZoomMeetingsClassAction.com or file a paper Claim Form by March 5, 2022. Paper Claim Forms are available at the website or by calling the toll-free number.

Your Other Options: If you are a Settlement Class Member and you do nothing, your rights will be affected, and you won't get a payment. If you file a Claim Form, object to the Settlement or do nothing, you are choosing to stay in the Settlement Class. You will be legally bound by all orders of the Court and you will not be able to start, continue or be part of any other lawsuit against Zoom about the allegations of the case. If you don't want to be legally bound by the Settlement or receive any benefits from it, you must exclude yourself by March 5, 2022. If you do not exclude yourself, you may object to the Settlement by March 5, 2022.

The Final Approval Hearing: The Court has scheduled a hearing in this case (*In re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-cv-02155) for April 7, 2022, at 1:30 p.m., to consider: whether to approve the Settlement and award Service Payments, attorneys' fees, and expenses; as well as consider any objections. You or your attorney may attend and ask to appear at the hearing, but you are not required to do so.

Big banks phase out use of overdraft fees, a longtime cash cow

Public pressure causes them to reconsider usage

ASSOCIATED PRESS

NEW YORK – The banking industry appears to have overdone it on overdraft fees.

After decades of raking in billions of dollars from mostly poor Americans short of cash in their accounts, the biggest banks – under pressure from lawmakers and regulators – are slowly decreasing their reliance on the widely unpopular practice.

Large banks have taken steps this year that would reduce the amount they take in from overdraft fees, which they charge when customers make payments or withdrawals in excess of their account balance. Capital One, the nation's sixth-largest bank, announced this month that it would end all overdraft fees next year. Other banks have made it harder for customers to trigger an overdraft fee.

Still, it's unlikely the financial services industry will entirely wean itself off such a cash cow anytime soon.

"For many big banks, overdraft fees are still the steady, reliable, predictable, easy revenue that shareholders love," Rohit Chopra, director of the Consumer Financial Protection Bureau, said last week, directing the bureau to more closely examine bank overdraft practices.

Overdraft has its origins in banks providing a service – for a fee – to customers who may have not balanced their checkbook correctly and wanted a bank to honor a purchase. The widespread use of debit cards changed this courtesy into a routine source of revenue. Some banks took advantage by re-ordering customers' transactions, deducting big transactions first, so smaller payments would trigger multiple overdraft fees. If a customer lacked funds in an account, a \$5 purchase at a cafe

could end up costing \$35, because of overdraft fees.

Overdraft fees, which started in the 1990s, became lucrative for the industry but made the banks a target for consumer advocates and their allies in Congress. After the financial crisis, Democrats put the CFPB and other regulators in charge of reining in overdraft fee revenue.

Frequent overdrafters, according to the CFPB, tend to skew toward those living paycheck to paycheck and are disproportionately Black and Latino. One of the top reasons given by Black and Latino Americans for choosing not to have a bank account, or being "unbanked," is that they are trying to avoid bank fees.

Industry revenue from overdraft fees held fairly steady until last year when banks waived fees across the board in the first months of the pandemic, when millions of Americans lost their jobs and businesses were shuttered. Revenue from overdraft fees fell to \$8.82 billion last year from \$11.68 billion in 2019, according to data collected by S&P Global Market Intelligence.

Through the first nine months of this year, overdraft revenue totaled \$6.13 billion, S&P Global's data show.

Despite an outcry from some Democrats, regulators in Washington aren't necessarily looking to do away with overdraft fees. In a speech last week, Michael Hsu, acting head of the Office of the Comptroller of the Currency, said "low- to no-cost overdrafts" would allow those living paycheck to paycheck "to pay their bills on time, avoid high-cost alternatives and improve their credit profile."

Hsu said changes to overdraft policies by some banks could serve as a model for the industry.

Regional banking giant PNC launched account features such as low-balance alerts and a grace period that will help consumers avoid overdraft fees. PNC plans to limit overdrafts to

one per day.

Pennsylvania-based PNC told investors to expect its overdraft fee revenue to be down \$125 million to \$150 million annually as the bank rolls out the "Low Cash Mode" product. PNC earned nearly \$273 million in overdraft fee revenue last year, according to S&P Global.

This year, JPMorgan Chase, the nation's largest bank by assets, waived overdraft fees for customers whose accounts were overdrawn by \$50 or less at the end of the business day. Last week, the bank said it will give customers 24 hours to bring their accounts back to \$50 or less overdrawn to avoid a fee.

From 2015 through 2020, JPMorgan annually led the industry in overdraft fees collected. Through the first nine

months of 2021, Wells Fargo took in the highest amount of overdraft fees, slightly more than \$1 billion, according to S&P Global.

In June, Ally Financial, the 18th-largest bank by assets, said it would get rid of overdraft fees across all of its products. Ally cited racial inequity in overdrafts as a reason to stop charging the fees. "It was the right thing to do," said Diane Morais, president of consumer and commercial banking products at Ally Bank.

Ally earned relatively little from overdraft fees. The bank told investors that getting rid of overdraft fees would have no material impact on its profits.

"This is likely a revenue line item that deteriorates over the long term, and banks will need to find other areas of fee revenue to offset this downward trend," said Kyle Sanders, an analyst at Edward Jones who covers Wells Fargo, PNC and several other large retail banks.

One way that banks could make up a drop in overdraft fee income would be a return to monthly account fees, which would be an industry shift after decades of advertising "free checking" to their customers. Wells Fargo and Bank of America charge \$5 a month to use accounts that do not allow customers to overdraft.

NFL WEEK 16

49ERS (8-6) AT TITANS (9-5)

TV: 8:20 p.m. ET Thursday, NFL Network
 Tipico Sportsbook line: 49ers by 3½
49ers' keys: They really just need to focus on not allowing Tennessee's struggling passing attack to get off the ground. San Francisco also has to capitalize on turnovers, which seem to be inevitable recently for the Titans.
Titans' keys: The hope is WR A.J. Brown will return off injured reserve. On defense, Tennessee has to limit TE George Kittle and WR Deebo Samuel, both capable of wrecking an opponent.

BROWNS (7-7) AT PACKERS (11-3)

TV: 4:30 ET Saturday, Fox/NFL Network
 Tipico Sportsbook line: Packers by 7½
Browns' keys: Control the ball, create explosive plays and pressure the quarterback. They have the offensive line and running back talent to dominate possession and keep the Green Bay offense on the sideline.
Packers' keys: Stay hot in the passing game, create a turnover and play better on special teams. QB Aaron Rodgers has thrown 13 TD passes and zero interceptions over the last four games.

COLTS (8-6) AT CARDINALS (10-4)

TV: 8:15 ET Saturday, NFL Network
 Tipico Sportsbook line: Cardinals by 1½
Colts' keys: Indianapolis needs to take its biggest strength – running the ball with RB Jonathan Taylor, the league rushing leader with 1,518 yards and 17 TDs – and use it to exploit the Cardinals' most notable weakness.
Cardinals' keys: They need early points and early stops or takeaways to get a lead. It is what they did to neutralize the stout rushing attacks of the Titans and Browns in road wins. They are only 3-3 at home this season.

GIANTS (4-10) AT EAGLES (7-7)

TV: 1 ET Sunday, Fox
 Tipico Sportsbook line: Eagles by 9½
Giants' keys: They'll need to get RB Saquon Barkley involved as a rusher and integral cog in their passing game. On defense, attempt to pressure Eagles QB Jalen Hurts with a four man front while relying on a spy and two safeties over the top to prevent the big play.
Eagles' keys: A renewed focus on the power running game. With Miles Sanders and Jordan Howard available, the Eagles should run to set up the pass.

BILLS (8-6) AT PATRIOTS (9-5)

TV: 1 ET Sunday, CBS
 Tipico Sportsbook line: Patriots by 2½
Bills' keys: They may want to try doing what they've struggled to do: run the ball. Buffalo shouldn't lessen the load on QB Josh Allen, but running backs like Devin Singletary could surprise.
Patriots' keys: Buffalo's secondary is one of the NFL's best, so the Patriots' biggest hopes may result upon RB Rhamondre Stevenson and, if he's healthy, RB Damien Harris. New England has to figure out what to do with Allen, who can get forced into mistakes.

RAMS (10-4) AT VIKINGS (7-7)

TV: 1 ET Sunday, Fox
 Tipico Sportsbook line: Rams by 3½
Rams' keys: The high-octane passing attack needs to do what it does best: Find WR Cooper Kupp. He needs to find the weak man in the slot and take advantage of an inconsistent defense.
Vikings' keys: QB Kirk Cousins needs to roll out and find his favorite targets, such as WRs Justin Jefferson and Adam Thielen, to ease the pressure on the interior offensive line by Rams DT Aaron Donald.

BUCCANEERS (10-4) AT PANTHERS (5-9)

TV: 1 ET Sunday, Fox
 Tipico Sportsbook line: Bucs by 10½
Buccaneers' keys: They should allow their running backs to pound away at what's been a tested Carolina run defense, one that's allowed 548 rushing yards over their four-game skid.
Panthers' keys: Carolina, which mustered 124 passing yards in the Week 15 loss to the Bills, has to get something going downfield to keep up with Tampa Bay's weapons. You won't beat QB Tom Brady with too many empty drives.

JAGUARS (2-12) AT JETS (3-11)

TV: 1 ET Sunday, CBS
 Tipico Sportsbook line: Jets by 2½
Jaguars' keys: James Robinson is one of the NFL's best rushers. Look for him to go off against the Jets, who have given up an NFL-high 26 rushing TDs.
Jets' keys: If offensive coordinator Mike LaFleur can orchestrate long drives, they can wear down Jacksonville and escape with a win, even if the scoring is minimal. They can lean on short and intermediate passes and their backfield to keep the ball away from the Jaguars.

PREVIEWS PROVIDED BY USA TODAY SPORTS NFL TEAM WIRE SITES

LIONS (2-11-1) AT FALCONS (6-8)

TV: 1 ET Sunday, Fox
 Tipico Sportsbook line: Falcons by 5½
Lions' keys: Wear down Atlanta with the ground game and keep Falcons QB Matt Ryan on the sideline. Detroit must bring the heat defensively and stay aggressive on third down to control the ball.
Falcons' keys: They need to play smart. Stopping the run and forcing turnovers is the formula for success against Detroit. Atlanta needs to score early to keep pressure on the Lions' offense.

CHARGERS (8-6) AT TEXANS (3-11)

TV: 1 ET Sunday, CBS
 Tipico Sportsbook line: Chargers by 8½
Chargers' keys: QB Justin Herbert should come out slinging and get Keenan Allen involved. RB Austin Ekeler, if he clears protocols, could be a factor in the second half as they protect a lead.
Texans' keys: Running the ball has been problematic, but RBs Rex Burkhead and David Johnson must find ways to get positive yards. The Texans must encourage QB Davis Mills to drive the ball downfield, not just underneath routes.

RAVENS (8-6) AT BENGALS (8-6)

TV: 1 ET Sunday, CBS
 Tipico Sportsbook line: Bengals by 2½
Ravens' keys: Limit splash plays; when these teams met in Week 7, Baltimore let up TDs of 55, 32, 21, 46 and 82 yards. Pressure creators like DE Calais Campbell need to hit home. If QB Lamar Jackson (ankle) returns, he'll need help from the run game. Baltimore needs to feed RB Devonta Freeman.
Bengals' keys: Establish the run with RB Joe Mixon despite the passing display in the last matchup, meaning fewer risks for QB Joe Burrow. Defensively, three-safety looks helped the Bengals record five sacks last time.

BEARS (4-10) AT SEAHAWKS (5-9)

TV: 4:05 ET Sunday, Fox
 Tipico Sportsbook line: Seahawks by 6½
Bears' keys: Build the offensive game plan around the strengths of rookie QB Justin Fields by putting him on the move more often while embracing his run-pass option skills.
Seahawks' keys: Sustain drives and maintain possession. A rushing attack led by Rashaad Penny should help. He has as much to prove as any other player as his rookie contract winds down.

BRONCOS (7-7) AT RAIDERS (7-7)

TV: 4:25 ET Sunday, CBS
 Tipico Sportsbook line: Raiders by ½
Broncos' keys: Run the ball and limit mistakes. The less the quarterback has to do, the better. Denver should try to run the ball 30 or more times and use play-action down the field.
Raiders' keys: The defense has really struggled over the last two months, but the pass rush duo of DEs Maxx Crosby and Yannick Ngakoue can be extremely disruptive. On offense, look for the Raiders to try to establish the run.

STEELERS (7-6-1) AT CHIEFS (10-4)

TV: 4:25 ET Sunday, CBS
 Tipico Sportsbook line: Chiefs by 8½
Steelers' keys: First of all, score touchdowns on offense. QB Ben Roethlisberger and the Steelers settled for five field goal attempts (four successful) against the Titans in Week 15. The Chiefs' offense is too dangerous for the Steelers to settle for field goals.
Chiefs' keys: Limit interceptions and fumbles. The Chiefs have been their own worst enemy, with Patrick Mahomes and company committing costly turnovers this season.

WASHINGTON (6-8) AT COWBOYS (10-4)

TV: 8:20 ET Sunday, NBC
 Tipico Sportsbook line: Cowboys by 10½
Washington's keys: Getting the majority of its roster back after two weeks of COVID-19 malaise will be a big help, but even with that Washington has a mountain to climb to create offense.
Cowboys' keys: If they can create pressure with their front four, CB Trevon Diggs, Anthony Brown and Jourdan Lewis could jump routes and add to the team's 23 interceptions. QB Dak Prescott must eliminate dangerous plays.

DOLPHINS (7-7) AT SAINTS (7-7)

TV: 8:15 ET Monday, ESPN
 Tipico Sportsbook line: Saints by 3½
Dolphins' keys: They match up well with New Orleans' defense, with QB Tua Tagovailoa executing the run-pass option plays the Saints have struggled to defend at a high level.
Saints' keys: QB Taysom Hill finding receiving options beyond RB Alvin Kamara. WR TreQuan Smith has been consistent but has a tough matchup against a good secondary. New Orleans needs to scheme him open.

BOWL PREVIEWS

Frisco Football Classic

Miami (6-6) vs. North Texas (6-6)
 TV: 3:30 p.m. ET Thursday, ESPN
Why North Texas will win: Run, run, and run some more. The Mean Green have always been known for having a fun, dangerous offense, but this year it's been more about cranking out the big runs with DeAndre Torrey and a slew of freshman in a rotation.
Why Miami University will win: The RedHawks' defensive front should win its share of battles. The North Texas offensive front has been great, but the Miami sack machine led the Mid-American Conference in plays in the backfield.

Union Home Mortgage Gasparilla Bowl

Florida (6-6) vs. UCF (8-4)
 TV: 7 p.m. ET Thursday, ESPN
Why UCF will win: The Knights clamped down hard over the entire second half of the season with an improved passing game and a defense that allowed 17 points or fewer in five of the last six games. Penalties are a major problem for the Gators; UCF is decent at limiting the flags.
Why Florida will win: The Gators shouldn't have any problems keeping everything in front of their defense; UCF's running game is inconsistent and there's not enough happening down the field with the passing attack. On the other side, pound, pound, pound. UF's O-line should be able to take over.

EasyPost Hawaii Bowl

Hawaii (6-7) vs. Memphis (6-6)
 TV: 8 p.m. ET Friday, ESPN
Why Memphis will win: The Tigers are going to wing it all around the yard. Memphis might have been inconsistent overall, and there isn't too much of a running game for the Rainbow Warriors to worry about, but QB Seth Henigan and the passing attack should go off on one of the worst pass defenses.
Why Hawaii will win: Don't discount how feisty this team is. Hawaii went through a whole lot of adversity – from stadium issues, to injuries, to the travel – and managed to get to six wins.

TaxAct Camellia Bowl

Ball State (6-6) vs. Georgia State (7-5)
 TV: 2:30 p.m. ET Saturday, ESPN
Why Ball State will win: Cranking up the ground game hasn't meant a sure-thing win for the Cardinals, but they are 3-1 – with a close loss to Mid-American Conference champ Northern Illinois – when rumbling for 200 yards or more, and it's got the line to blast away.
Why Georgia State will win: Balance. The Panthers are great at running the ball – they're eighth in the nation averaging 225 yards per game – and Ball State's defense isn't a rock against the run. QB Darren Grainger can throw just enough to get by, too. He doesn't throw interceptions and should be able to do enough against a mediocre secondary to keep things moving.
 – Pete Fiutak, College Football News

quarterback Levi Williams dedicated the game in Boise, Idaho, to his grandmother. The way he danced past Kent State defenders for 200 yards rushing and four TDs in the Cowboys' 52-38 win, it was a fitting tribute. Especially since she taught him how to dance. "When she was living in a nursing home that's how we spent time together," Williams said of his grandmother, who lived with his family while he was growing up. "She was slow, so we did some slower dances, and the box step was probably my favorite." Wyoming finished 7-6 and Kent State 7-7.

COURT APPROVED NOTICE OF CLASS ACTION SETTLEMENT

In re: Zoom Video Communications, Inc. Privacy Litigation
 Case No. 5:20-cv-02155-LHK

If you used the Zoom Meetings Application between March 30, 2016 and July 30, 2021, you could be entitled to benefits, including a cash payment, under a class action settlement.

A federal court authorized this Notice.

You must file a Claim Form by March 5, 2022 to receive cash benefits from this Settlement.

What is this Litigation About? A settlement has been reached with Zoom Video Communications, Inc. ("Zoom") relating to alleged privacy and security issues with the Zoom Meetings Application ("App"). Plaintiffs allege that Zoom: (i) shared certain information with third parties, (ii) should have done more to prevent unwanted meeting disruptions by third parties, (iii) advertised its Zoom Meetings App as being encrypted "end-to-end" when Plaintiffs contend it was not at that time, and (iv) that the alleged conduct violated California state and federal laws. Zoom denies these allegations. The Court has not decided who is right.

Who is Included in the Proposed Settlement? All Persons in the United States who have registered, used, opened, or downloaded the Zoom Meetings App *except for* (i) all Persons who have only registered, used, opened, or downloaded the Zoom Meetings App through an Enterprise-Level Account or Zoom for Government Account, (ii) Zoom and its officers and directors; and (iii) the Judge or Magistrate Judge to whom the action is assigned and, any member of those Judges' staffs or immediate family members. Please see the Long Form Notice for more details, available at www.ZoomMeetingsClassAction.com.

What Relief Does the Settlement Provide? The Settlement provides money to Class Members who submit a Claim Form postmarked or submitted on www.ZoomMeetingsClassAction.com by **March 5, 2022**. Without admitting liability, the Settlement also requires Zoom to make certain changes to its policies and practices that will benefit Class Members. Zoom will establish an \$85 million Settlement Fund. After deducting Court-approved attorneys' fees (up to \$21,250,000) and expenses (up to \$200,000), Service Payments for the Plaintiffs, and the costs of settlement notice and administration from the \$85 million Settlement Fund, the remaining funds will be made available, if the Settlement is approved, to pay Class Members' valid claims. Settlement Class Members can submit one of the following types of claims:

- **Paid Subscription Claim:** If you are a Class Member who paid for a Zoom Meetings App subscription, between March 30, 2016 and July 30, 2021, you are eligible to file a claim for \$25 or 15% of the money you paid to Zoom for the core subscription (i.e., not including optional add on features/support that customers may add to their subscriptions) during that time, whichever is greater. For example, if you spent \$75 on a Zoom Meetings App subscription during the relevant time period, 15% of \$75 is \$11.25. Because \$11.25 is less than \$25, your claim will be treated as a claim for \$25.
- **User Claim:** If you are not eligible for a Paid Subscription Claim and you registered, used, opened, or downloaded the Zoom Meeting App between March 30, 2016 and July 30, 2021 and you are not eligible to submit a Paid Subscription Claim, you are eligible to file a claim for \$15.

Please note that these payment amounts may be reduced depending on the number of valid claims. Final payment amounts will be calculated and distributed based on the total number of Class Members who submit valid claims.

This is only a notice of what to expect. Nothing will happen unless the Court approves the Settlement.

How Do I Get a Payment? You must submit your claim online at www.ZoomMeetingsClassAction.com or file a paper Claim Form by **March 5, 2022**. Paper Claim Forms are available at the website or by calling the toll-free number.

Your Other Options: If you are a Settlement Class Member and you do nothing, your rights will be affected, and you won't get a payment. If you file a Claim Form, object to the Settlement or do nothing, you are choosing to stay in the Settlement Class. You will be legally bound by all orders of the Court and you will not be able to start, continue or be part of any other lawsuit against Zoom about the allegations of the case. If you don't want to be legally bound by the Settlement or receive any benefits from it, you must exclude yourself by **March 5, 2022**. If you do not exclude yourself, you may object to the Settlement by **March 5, 2022**.

The Final Approval Hearing: The Court has scheduled a hearing in this case (*In re: Zoom Video Communications, Inc. Privacy Litigation*, Case No. 5:20-cv-02155) for **April 7, 2022, at 1:30 p.m.**, to consider: whether to approve the Settlement and award Service Payments, attorneys' fees, and expenses; as well as consider any objections. You or your attorney may attend and ask to appear at the hearing, but you are not required to do so.

More Information: Complete information about all of your rights and options, as well as a Claim Form, a more detailed Long Form Notice and the Settlement Agreement are available at www.ZoomMeetingsClassAction.com, by emailing Info@ZoomMeetingsClassAction.com, or by calling toll-free 1-800-397-3418.

IMPORTANT NOTE: The dates and deadlines may be changed without further notice to the Settlement Class, so please check the Settlement Website, www.ZoomMeetingsClassAction.com, or the Court's Public Access to Court Electronic Records ("PACER") website at <https://ecf.cand.uscourts.gov> to confirm that the dates have not been changed.

This notice is only a summary. Predictions for TBI2, Serena, MLB lockout

Scooby Axson
USA TODAY

This year saw an attempt to get back to normalcy in sports as fans returned to arenas after seeing the coronavirus pandemic shutter sports altogether.

COVID-19 also made teams and leagues think differently about the way they operated.

As the calendar turns to 2022, it figures to be an embarrassment of riches for the sports world (COVID-19, notwithstanding).

Chances are that none of the predictions you will read below will be right, but it's always fun to speculate, because let's face it, sports these days are one big blob of entertainment, followed by hot takes and people trying to prove their intelligence.

With that said, enjoy the comedy show known as the look ahead to the sports world in 2022.

Locked out and tuned out

This is probably the easiest call for a prediction. Major League Baseball and its players once again can't seem to agree on anything, and the lockout of the players that started Dec. 1 will carry on well into the spring. A 100-game season seems like a good starting point should the lockout linger, and if a full 162-game campaign gets played, the league and the players union deserve praise. But once players start missing paychecks, there is a freeze on free agent signings and owners aren't collecting revenue from gate receipts and other sources, minds will wonder what the fuss was about in the first place. More of a regional pastime than a national one, look for more dwindling eyeballs in stadiums and on televisions.

College Football Playoff outsider repeat

Cincinnati was the first school outside of the mighty Power Five conferences to make the playoff, and while that made every other school that struggles to generate revenue happy, it did so at the peril of anyone outside the Southern United States caring about watching on New Year's Eve. Of course, for this prediction to come to fruition, that out-

Will Tom Brady, now 44, call an audible on how long he plans to play in the NFL? NATHAN RAY SEEBECK/USA TODAY SPORTS

sider needs to be ranked in the top 10 in the preseason, go undefeated and then have chaos ensue, just like this year. With the continuing absurdity of the transfer portal, non-Power Five schools can load their rosters with disgruntled players and others trying to extend their collegiate careers and actually challenge the blue bloods to remain competitive. Cincinnati won't remain an outsider for long as the Bearcats hopped on the bandwagon of greener pastures known as the Big 12 Conference.

Curtain call on Tom Brady

Sure, he said that he would like to play until he is eligible for his AARP card. But does he actually believe that and does anyone want to see that? Conventional wisdom says this topic only concerns people who are related to Brady or make a livelihood in part because of what he does on the field. Sometimes, enough is enough. Complaining to the refs anytime a defender breathes on him and temper tantrums aside, Brady is the winningest signal-caller the sport has ever seen and the need to prove something year after year at this point, no matter how manufactured the motivation is, makes no sense. Of course, many prognosticators have long since predicted Brady's eventual skills diminishing and have looked mighty stupid. Maybe the fountain of youth is avocado ice cream, because Brady, at age 44, is leading the league in passing yards and touchdowns. Go figure.

We are the champions

Scooby Axson's predictions for teams that will take home the hardware in '22:
NFL: Green Bay Packers
NBA: Golden State Warriors
MLB: New York Yankees
NHL: Colorado Avalanche
College football: Georgia
College men's basketball: Gonzaga
College women's basketball: South Carolina
WNBA: Las Vegas Aces
World Cup: France

Beards not weird

The New York Yankees have won the most championships in baseball history (none since 2009), so in that regard, they guess it entitles them to think they would know what professionalism looks like. Every workplace has rules and has the right to enforce said rules, even if they make no logical sense. How else could you explain why the Yankees don't allow their players to wear facial hair? Even the military has changed its standards on appearance, finally realizing the way someone looks has nothing to do with their ability to perform a job. The Yankees policy has been in place since 1973, which includes players being prohibited from having "long sideburns and "mutton chops." All it would take is one of their high-priced stars to come to spring training looking like ZZ Top to push back on this insane rule. You think management is going to make Aaron Judge or Giancarlo Stanton sit out regular-season games because of what they have on their face? Won't be surprised one bit if the Yankees finally realize it's the 21st century and send the baby-face look away for good.

Lions, please exit stage left

Speaking of stupid traditions, the Detroit Lions have been a fixture by playing on Thanksgiving since 1932 with the Dallas Cowboys joining the plum viewing spot three decades later. These days, Dallas has a built-in excuse for why people want to sit in front of the television and stuff their faces while watching them. They are allegedly

"America's Team" and have at least won a championship in the last generation or two; plus you can guarantee about 30 million people will watch them on Thanksgiving. This year, nearly 39 million watched the Cowboys wet the bed against the Las Vegas Raiders. The Lions, well, nobody is exactly sure why they deserve any national television spotlight no matter the holiday. The NFL controls what teams play where and when, so this shouldn't be any different. Once the league corrects this atrocity in 2022 and removes the Lions, who have lost five straight and have a 37-43-2 record on Thanksgiving, from the day's schedule, it would upset ... no one.

Serena gets her 24th

The greatest female tennis player the sport has ever seen hasn't won a Grand Slam tournament title since her triumph at the 2017 Australian Open while she was pregnant. She has come close to tying Margaret Court for the most Grand Slam championships at 24, finishing second in Grand Slam events four other times. But there are factors working against Williams. She is 40 years old (would be the oldest Grand Slam winner ever) and she has three major tournaments to accomplish this in since she won't play in the 2022 Australian Open. The GOAT finally catches Court, cementing her unmatched iconic status.

Monkey see, monkey do

Because no one seems to have a shred of originally these days, look for sports networks to begin copying what made people watch and discuss on social media. At least one network will attempt to duplicate what ESPN pulled off with the ManningCast. Don't worry, whoever is crazy enough to try it will fail miserably because people have neither the tolerance nor attention span to spend three hours listening to someone who isn't interesting enough to take them away from a regular broadcast. To offer new and fresh programming is a hard sell, especially because of the many options, but television executives have deep pockets and brains, so hopefully they use them to the viewer's advantage.

Nassib remains powerful groundbreaker in NFL

Mike Freeman
Columnist
USA TODAY

It was June when Raiders defensive lineman Carl Nassib became the first active player to come out as gay. Since then, all these months later, three vital things have happened:

First, Nassib has changed lives for the better. He donated \$100,000 to The Trevor Project, a nonprofit that supports LGBTQ+ people by providing crisis intervention, suicide prevention services and resources for mental health issues. Nassib brought awareness to an organization that might not have received as much attention without Nassib's social media post. It was an impactful move that likely saved someone's life.

The NFL matched Nassib's donation and the project says in the days following Nassib's announcement traffic to its website spiked 350%.

"The Trevor Project really has had a big presence in our community for a long time," Ryan O'Callaghan, who played in the NFL from 2006 to 2011 with Kansas City and New England, told NFL.com. "They're serving a critical need. You can look up the statistics for depression and suicidal thoughts and actually committing suicide within the LGBTQ community, and it's way too high, especially compared to the average American. The Trevor Project has been there for a lot of people. Even back when I was closeted, I remember calling their hotline once."

Second, Nassib has, unquestionably, made it easier for the next closeted NFL player, or players in other sports, to come out. He's followed a path put forward by pioneers like Michael Sam and put down his own trailblazing markers.

Third, and this is perhaps the most important, following his announce-

ment, Nassib has played football.

And played football, and played football, and played some more.

There have been no protests. No locker room eruptions that we know of. In fact, by every measure, the Raiders have been greatly accepting.

There's been, mostly, silence.

In this case, silence is a good thing. It's a remarkable thing. It's one of the greatest indicators of progress in the NFL.

As we digest what has, mostly, been a horrific year of tragedy and loss, Nassib's story is one of the most important, because he has normalized being gay in the NFL, something that just a short time ago would have been a ridiculous thought.

When Jackie Robinson broke the color barrier in baseball, it was obviously a significant and historic achievement. Decades later, seeing players of color across the sport, doing what they loved, with little controversy, is Robinson's real legacy. The players' Blackness is still a source of pride for them (there's no such thing as a colorblind society) but it isn't the prominent factor. They are baseball players first.

The same goes for Nassib. Being gay likely isn't the only thing that defines him. Being a football player in part does. Being a human being likely does the most. Nassib is obviously proud of being gay but the fact it's barely mentioned now is a feat in itself.

This is Nassib's greatest gift to football, sports and the country. All these months after he came out the progress has been significant because the silence has been uproarious.

"Someone like Carl coming out normalizes being gay for a lot of youth," O'Callaghan said. "It gives a lot of kids someone they can point to and say, 'Hey, he's gay, too. I bet you wouldn't make fun of him.' It does go a long way."

It will keep going a long way. The impact will last decades.

Thankfully.

SAN JOSE, Calif., Nov. 19, 2021 /PRNewswire/ --

A Settlement has been preliminarily approved by the court in a case involving Zoom Video Communications, Inc. ("Zoom"), relating to allegations brought by a number of individual Zoom users who sued on behalf of themselves and those with similar claims regarding the privacy and security of the Zoom Meetings Application ("App"). By entering the settlement, Zoom has not admitted liability; instead, both sides have agreed to resolve the dispute to avoid further litigation risk and expense. The court has not decided who is right.

Who is Included in the Settlement? Persons in the United States who registered, used, opened, or downloaded the Zoom Meetings App, other than through an Enterprise-Level Account or Zoom for Government Account, between March 30, 2016 and July 30, 2021. The Settlement Class also excludes Zoom and its officers and directors, as well as the Judge or Magistrate Judge to whom the Action is assigned, and any member of those Judges' staffs or immediate family members

What Relief Does the Settlement Provide? An \$85 million Settlement Fund will be set up to pay valid claims after deducting Court-approved attorneys' fees (up to \$21,250,000) and expenses (up to \$200,000), Plaintiffs' Service Payments, and notice and administration costs. Zoom has made and is continuing to make changes to its policies and practices to benefit Settlement Class Members. Settlement Class Members can submit one of the following claim types:

- **Paid Subscription Claim:** If you paid for a Zoom Meetings App subscription, between March 30, 2016 and July 30, 2021, you can file a claim for \$25 or 15% of the money you paid to Zoom for the core subscription, whichever is greater (this does not include optional add on features/support that can be added to subscriptions). For example, if you spent \$75 on a subscription during the relevant time period, 15% of \$75 is \$11.25. Since \$11.25 is less than \$25, your claim will be for \$25.
- **User Claim:** If you are not eligible for a Paid Subscription Claim and you registered, used, opened, or downloaded the Zoom Meetings App between March 30, 2016 and July 30, 2021, you can file a claim for \$15 (you are not eligible to submit a Paid Subscription Claim).

These payment amounts may be reduced depending on the number of valid claims. Nothing will happen unless the Court approves the Settlement.

How Do I Get a Payment? You must submit your claim online at www.ZoomMeetingsClassAction.com or mail in a paper Claim Form postmarked by **March 5, 2022**. Paper Claim Forms are available at the website or by calling 1-800-397-3418.

Are There Other Options? If you are a member of the Settlement Class, you have several options other than filing a claim. If you do not want to be legally bound by the Settlement, you must exclude yourself by **March 5, 2022**. If you do not exclude yourself, you will release your claims against Zoom about all the allegations in the case. You may object to the Settlement by **March 5, 2022**. The Long Form Notice available on the website explains how to exclude yourself or object. The Court will hold a Final Approval Hearing on **April 7, 2022 at 1:30 p.m.** to consider whether to approve the Settlement and award Service Payments, attorneys' fees and expenses costs; and consider any objections. You or your attorney may attend and ask to appear at the hearing, but you are not required to do so.
